

# *360 Degrees Consultancy Ltd – Case Study*

*360 Degrees Consultancy Ltd has been involved in Temporary Works and with the installation of Temporary Demountable Structures for many years.*

*Projects that we have been involved in range from the British Grand Prix to the 2012 London Olympics, where we project managed a range of complex venues, covering multiple sports working directly for ISG plc.*

*Recently we worked closely together on London 2012 (Olympics), working on Eton Dorney and Royal Holloway Karl also managed multi sites, which when speaking to colleagues were well managed, all completed on time without any issues. Karl's professionalism was clear to see by all.*
